

# Open Source Software Licenses, Notices, and Information

This information is provided for Mobile for Public Safety, a software program of Intergraph Corporation D/B/A Hexagon Safety and Infrastructure (“Hexagon”).

Mobile for Public Safety may include the open source software components listed below. This document provides the notices and information regarding any such open source software for informational purposes only. Please see the product license agreement for Mobile for Public Safety to determine the terms and conditions that apply to the open source software. Hexagon reserves all other rights.

### TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

#### 1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

**2. Grant of Copyright License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

**3. Grant of Patent License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

**4. Redistribution.** You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

1. You must give any other recipients of the Work or Derivative Works a copy of this License; and
2. You must cause any modified files to carry prominent notices stating that You changed the files; and
3. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
4. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the

Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

**5. Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

**6. Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

**7. Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

**8. Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

**9. Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and

only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

Smart Client - Composite UI Application Block

November 2005

*This license governs use of the accompanying software and associated documentation and other content ("**Software**"), and your use of the Software constitutes acceptance of this license.*

**Subject to the restrictions below and any guidelines in the accompanying documentation, you may use the Software for any commercial or noncommercial purpose, including making copies, distributing modifications, and combining it with your own products or services.** All references to modifications herein mean modifications to the Software and include "derivative works" as such term is defined under U.S. copyright law.

In return, we simply require that you agree:

Not to remove any copyright or other notices from the Software.

That you have no right to combine or distribute the Software or modifications with other software or content that is licensed under terms that seek to require that the Software or modifications (or any intellectual property in it) be provided in source code form, licensed to others to allow the creation or distribution of derivative works, or distributed without charge.

That if you distribute:

the Software in source code form, you may do so only under this license (i.e., you must include a complete copy of this license with your distribution), and

the Software solely in object code form, or modifications in either source or object code form, you do so only under a license that complies with this license.

That you will

not use Microsoft's or its suppliers' names, logos, or trademarks in conjunction with distribution of the Software or modifications, unless we give you prior written permission or instruction to do so;

display the following copyright notice on copies of modifications you distribute:

*"Contains software or other content adapted from Smart Client – Composite UI Application Block, 2005 Microsoft Corporation. All rights reserved.";*  
and

defend, indemnify, and hold harmless us and our suppliers from any claims or lawsuits and associated losses, damages, liabilities, penalties fines, costs, and expenses, including reasonable attorneys' fees, that arise from or relate to the use or distribution of your modifications and any additional software or content you distribute in conjunction with the Software or modifications.

That if you distribute modifications, you will cause the modified files to carry prominent notices so that recipients know they are not receiving the original Software. Such notices must (a) state that you have changed the Software, (b) include the date of any changes, and (c) to the extent reasonably practicable, comply with any guidelines about modifications in the documentation accompanying the Software.

**That the Software comes "AS IS", WITH ALL FAULTS.** You bear the risk of using it. We give no express warranties, guarantees or conditions. To the extent permitted under your local laws, **we exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.** Also, you must pass this disclaimer on when you distribute the Software or modifications.

**That you can recover from Microsoft and its suppliers only direct damages up to US\$5.00. You cannot recover any other damages, including those known as consequential, lost profits, special, indirect or incidental damages.** Also, you must pass this limitation of liability on when you distribute the Software or modifications.

That if you sue anyone over patents that you think may apply to the Software for a person's use of the Software, your license to the Software ends automatically.

That the patent rights, if any, granted in this license only apply to the Software, and do NOT extend to any component or file not included in the Software, including any modifications to the Software, any other software or technology needed to use the Software, or any combination of the Software with other software or hardware.

That you may run the Software or modifications only on the Windows platform.

That you may not disclose to anyone, without our prior written permission, the results of any performance tests on the Software.

That we are not required to provide you any support, bug fixes, updates, new versions, or supplements for the Software, but if we do, they will be deemed part of the Software and governed by this license, unless other terms are provided with them.

That if you give us any feedback about the Software, you give us, without charge, the right to use, share and commercialize your feedback in any way and for any purpose. You also agree to give third parties, without charge, any patent rights needed for their products or services to use or interface with any specific parts of our software or service that includes the feedback. You will not give feedback that is subject to a license that

seeks to require us to license our software or documentation to third parties because we include your feedback in them. These rights survive this agreement.

That we may collect and use technical information, gathered as part of support or other services provided to you related to the Software, to improve our products or services or provide customized services or technologies to you. We may disclose this information to others, but not in a form that personally identifies you. These rights survive this agreement.

That the Software may be subject to U.S. export jurisdiction at the time we license it to you, and it may be subject to additional export or import laws in other places. You agree to comply with all such laws and regulations that may apply to the Software after we deliver it to you.

That your rights under this license end automatically if you breach it in any way.

That this license contains the only rights associated with the Software, and we reserve all rights not expressly granted to you in this license.

That this license may not be amended except in a writing duly signed by your and our authorized representatives.

That if any of these terms is held void, invalid, illegal, or otherwise unenforceable, the other terms will continue in full force and effect.

## License 5

### Microsoft Reciprocal License

This license governs use of the accompanying software. If you use the software, you accept this license. If you do not accept the license, do not use the software.

#### Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have the same meaning here as under U.S. copyright law.

A "contribution" is the original software, or any additions or changes to the software.

A "contributor" is any person that distributes its contribution under this license.

"Licensed patents" are a contributor's patent claims that read directly on its contribution.

#### Grant of Rights

(A) Copyright Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

#### Conditions and Limitations

(A) Reciprocal Grants- For any file you distribute that contains code from the software (in source code or binary format), you must provide recipients the source code to that file along with a copy of this license, which license will govern that file. You may license other files that are entirely your own work and do not contain code from the software under any terms you choose.

(B) No Trademark License- This license does not grant you rights to use any contributors' name, logo, or trademarks.

(C) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(D) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(E) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(F) The software is licensed "as-is." You bear the risk of using it. The contributors give no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws, the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.
